

Dear Parents and Carers,

As we approach the Summer, we will be continuing to do lots of learning across the curriculum. We will have a focus on the geography of the United Kingdom and the climate as we are very delighted to be able to welcome professionals from ClimateEd to deliver workshops about the Climate to link with our Science learning. PE will continue to take place on a **Wednesday** and homework sheets will be given out on a Friday. **Please continue to support your children in their homework as this will prepare them for year 6!**

Ms Ashton and Miss Gilby - Class Teachers

SPORTS AND PHYSICAL EDUCATION

This term, we will be developing our athletic skills as we prepare for Sports Day!

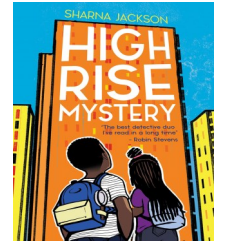

Year 5 Summer Term 2 Our climate and environment.

WRITING AND READING

Throughout this term we will be inspired in our writing by our reading of, 'High Rise Mystery' (a detective novel), by Sharna Jackson. Our main focus will be an extended narrative in the detective genre. We will also cover:-

Information text- police report, newspaper articles

RELIGIOUS EDUCATION

In RE our topic is about **PEOPLE OF OTHER FAITHS**. We will learn about what the Church teaches about other faiths. In "Other Faiths Week," we will also learn about **Sikhism**.

MUSIC

This term we will be learning about **Music and Cartoons**. We will be looking at the theme song pink Panther, compose to meet certain criteria, change sounds or organise them differently to change the effect, choose the most appropriate tempo for a piece of music. Improvise melodic and rhythmic phrases as part of a group and create own skit accompanied by the music.

PERSONAL, SOCIAL AND HEALTH EDUCATION

In PHSE this term, we will be continuing our MindUP Curriculum, exploring issues around friendships and taking care of ourselves. We will also continue our learning about finances

ART AND DESIGN

In Art this term, we will develop our painting skills and create a landscape of an African country of our choice.

COMPUTING

In computing this term we will be learning how to create networks and models on Purple Mash.

SCIENCE

This term in Science, we are very lucky in year 5 to have experts from ClimateEd join us to explore climate change and the environment; as well as how we can take action to protect our planet.

DESIGN AND TECHNOLOGY

We will explore structures to create a papier mache masks, inspired by our learning last term about the Benin Kingdom.

GEOGRAPHY

This term, we will be exploring the Geography of the United Kingdom. We will learn about our country's human features and physical features. We will learn how to use the language of urban and rural and we will find out about how villages, towns and cities have developed.

MATHS

This term, the class will be consolidating a variety of mathematical concepts, including:

- Mixed numbers and improper fractions.
- Rounding decimal numbers to two decimal places.
- Understanding percentages and record as fractions and decimals.
- Mental multiplication and division and problem solving involving decimals and money.
- Calculate perimeter and areas of composite shapes using formula in words and standard unit for square.
- Reading and using bus tables, graphs and charts
